ALL THE NEWS FROM NEARBY TOWNS

ISPECIAL TELEGRAM TO THE DISPATCH.1 FINDLAY, O., April 15 .- During the storm which swept over this part of the State C. H. Perkins and family, of Jackson township, had a most extraordinary experience. Lightning struck their residence, tearing off the tin spouting, a part of the weather boarding, and all of the cornice. The destructive element then made its way down the pipe leading from the cistern to the basement, tearing its way through the plastering and a stone wall in this apartment, which was occupied as a kitchen.

It upset the wash stand, tables, chairs, and other furniture, and threw a dog which was sleeping by the stove so violently against the stone wall as to render him unconscious for a long time. The servant girl was so stunned and shocked that she has been ill ever since, while Mrs. Perkins and a babe, who were also in the room, escaped without a particle of in-

Jury,
The thunder which accompanied the lightning and the flash scared a team of horses which the hired man was hitching to a wagon in the yard, and they ran away tearing the vehicle and harness all to pieces, and dragging the driver for a considerable distance, but not injuring

Mr. Perkins was working in his garden when the storm came up, and before he could reach the house the lightning knocked the spade from his hand and stunned him so badly that he did not recover for half an hour, While none were dangerously injured, the damage was great and the escape from death remark-able.

#### NEITHER ANSWERED

A Ruther Zealous Fisherman's Response to the Great and Only Quay.

BEAVER, April 15.—A big effort is to be made here to stop illegal fishing. The preliminary move in the campaign was made to-day. The first batch arrested are charged with offenses committed on the night of April 1. The names of the victims are Bernard Lazarus, Chief of Police of Rochester; Jacob Stahl, a fisherman of local fame; Thomas Lukins Joseph and Thomas Hoyt and Charles Olm stead, all of the same place. Stahl, against whom ten other charges will be made, covering periods from March 1, admits his guilt. He is said to have for a long time made a living by catching fish just below the dam, and Officer Tallon found in his possession a large number of seines, nets and fish. He is the man who presented Senator Quay with a large string of lish upon the return of the latter to his home, at the close of the late campaign, at which time the following dialogue is reported as having occurred:

the following dialogue is reported as having occurred:

"Jake," said the Senator, surveying the fish with mingled wonder and admiration, "what will I do with all these?"

"Eat em." said the imperturbable Jake; "hey'll be good for your brain."

"But, Jake." continued the Senator slyly, "how did you happen to get so many fine fellows at this time of the year?"

"Well, Colonel," replied Jake, with an expression which spoke volumes, "if you'll just iell me how you caught so many votes in New York, I'll tell you how I got these fish."

One Vanderbilt Objection Which Did Not Prevail in the Eud. PEPECIAL TELEGRAM TO THE DISPATCE.1

NEW CASTLE, April 15 .- The contract between the New York, Pennsylvania and Ohio and the Pittsburg and Lake Eric roads, which permits the operation of the leased New Castle and Shenango Valley road by the Nypano and Eric system, has been signed by President King, of the Eric, and President Newell, of the Pittsburg and Lake Erie, and the operation of the road will commence in a few days.
This road was ready for its equipment two or
three months ago, but the Vanderbilts objected to its operation by the Erie and Nypano
because the old contract between the Pittsburg and Lake Erie and the Nypano provided
that the former should haul all the business
from New Castle and give the Nypano a certain portion in Youngstown.

The lawyers have had an equitable agreement under consideration for several months,
and all parties have now approved and signed
it. It provides that the Nypano shall pay the
Pittsburg and Lake Erie a small sum, said to
be 4 per cent per ton, for all business which it
(the Nypano) carries out of New Castle. The
new road is a valuable addition to our railroad
facilities, and will be of great aid in the development and growth of our city. burg and Lake Eris, and the opera

# OF OURS.

But didn't we make your mouths water at mention of early strawberries, spring radishes, etc., etc. Thousands came to see them and laughed heartily when they found that they were not fresh fruits from California and New Orleans, but very skillful specimens of human ingenuity-imitations of nature—strawberries filled with sawdust and radishes stuffed with cotton.

All took the joke good naturedly—pity we didn't think of it on the first of April. Now let us, give you a pointer: Pass the joke along. Fool your friends by sending them a basket of artificial fruit. If they are fooled it will serve them right for not reading our advertisements. Ladies who like art embroidery will find these fruits excelent for fancy work. Try them.
